Oakley, Idaho 83346

Subject: Notice of File Closure, Northern Stone Supply, Limelight Green Quarry, S/003/0012, Box Elder County, Utah

Dear Mr. Mullard:

The Division of Oil, Gas and Mining is closing and retiring the file for the Limelight Green Quarry, file number S/003/0012, located in Box Elder County, Utah. On July 14, 2014, The Division notified the School and Institutional Trust Lands Administration (SITLA) that the site had been successfully reclaimed and that the Division was recommending that SITLA fully release the reclamation surety. The Division has now been notified that SITLA approved the release of the surety on November 3, 2014.

If you desire to do any more mining or exploration work in this area, you will need to first submit a new Notice of Intention, remit the appropriate permit fee, provide adequate reclamation surety and a reclamation contract and receive approval from this office as well as other appropriate agencies.

Please contact Lynn Kunzler at 801-538-5310 or me at 801-538-5261 if you have questions or concerns about this action. Thank you for your time and consideration in completing the required reclamation on this project.

Sincerely,

Paul B. Baker

Minerals Program Manager
